Rich in detail, filled with fascinating characters, and panoramic in its sweep, this magnificent, comprehensive work tells for the first time the complete story of the American woman from the Pilgrims to the 21st-century. In this sweeping cultural history, Gail Collins explores the transformations, victories, and tragedies of women in America over the past 300 years. As she traces the role of females from their arrival on the Mayflower through the 19th century to the feminist movement of the 1970s and today, she demonstrates a boomerang pattern of participation and retreat. In some periods, women were expected to work in the fields and behind the barricades—to colonize the nation, pioneer the West, and run the defense industries of World War II. In the decades between, economic forces and cultural attitudes shunted them back into the home, confining them to the role of moral beacon and domestic goddess. Told chronologically through the compelling true stories of individuals whose lives, linked together, provide a complete picture of the American woman's experience, *Untitled* is a landmark work and major contribution for us all. All cynical Kyle wants is to get through the seventh grade unnoticed, but a self-help book from his well-meaning mother changes all that. Magically, the book seems to know all about him. And it wants him to improve his life. Not only is he friendless, mistakenly taking super-difficult accelerated courses, and infamous for allegedly being involved in a violent "incident" on the bus (a rep that has the school terror sticking to him like glue), one of the true A Kids wants to lure him into questioning whether his class cheated on their state exams. How could a book help anyone through this kind of misery? Welcome to *Trifles & Folly*, a store with a dark secret. Proprietor Cassidy Kincaide continues a family tradition begun in 1670 – acquiring and neutralizing dangerous supernatural items. It's the perfect job for Cassidy, whose psychic gift lets her touch an object and know its history. Together with her business partner Sorren, a 500-year-old vampire and former jewel thief, Cassidy makes it her business to get infernal objects off the market. When a trip to a haunted hotel unearths a statue steeped in malevolent power, and a string of murders draws a trail to the abandoned old Navy yard, Cassidy and Sorren discover a diabolical plot to unleash a supernatural onslaught on their city. It's time for Kincaide and her team to get rid of these *Deadly Curiosities* before the bodies start piling up. A collection of nine adventures: Buttons, The Restless Dead, Retribution, Coffin Box, Wicked Dreams, Collector, Bad Memories, Shadow Garden, and Spook House. Cassidy Kincaide runs *Trifles & Folly* in modern-day Charleston, an antiques and curios shop with a dangerous secret. Cassidy can read the history of objects by touching them and along with her business partners Teag, who has Weaver magic and Sorren, a 600 year-old vampire, they get rid of cursed objects and keep Charleston and the world safe from supernatural threats. - An extension of the *Deadly Curiosities* book series. Drawing on rich archival research and focusing on works by leading artists including Guido Reni and Gian Lorenzo Bernini, Karen J. Lloyd demonstrates that cardinal nephews in seventeenth-century Rome – those nephews who were raised to the cardinalate as princes of the Church – used the arts to cultivate more than splendid social status. Through politically savvy frescos and emotionally evocative displays of paintings, sculptures, and curiosities, cardinal nephews aimed to define nepotism as good Catholic rule. Their commissions took advantage of their unique position close to the pope, embedding the defense of their role into the physical fabric of authority, from the storied vaults of the Vatican Palace to the sensuous garden villas that fused business and pleasure in the Eternal City. This book uncovers how cardinal nephews crafted a seductively potent dialogue on the nature of power, fuelling the development of innovative visual forms that championed themselves as the indispensable heart of papal politics. The book will be of interest to scholars working in art history, early modern studies, religious history, and political history. *PARADE's Best Books to Read this Summer* "A rich historical novel that illustrates why connection is more important and more vital than ever." -New York Times bestselling author Lisa See Daniel Abe, a young doctor in Chicago, is finally coming back to Hawai'i. He has his own reason for returning to his childhood home, but it is not to revisit the past, unlike his Uncle Koji. Koji lives with the memories of Daniel's mother, Mariko, the love of his life, and the scars of a life hard-lived. He can't wait to see Daniel, who he's always thought of as a son, but he knows the time has come to tell him the truth about his mother, and his father. But Daniel's arrival coincides with the awakening of the Mauna Loa volcano, and its dangerous path toward their village stirs both new and long ago passions in their community. Alternating between past and present—from the day of the volcano eruption in 1935 to decades prior—*The Color of Air* interweaves the stories of Daniel, Koji, and Mariko to create a rich, vibrant, bittersweet chorus that celebrates their lifelong bond to one other and to their immigrant community. As Mauna Loa threatens their lives and livelihoods, it also unearths long held secrets simmering below the surface that meld past and present, revealing a path forward for them all. For the first time, the pioneering book that launched the study of art and curiosity cabinets is available in English. Julius von Schlosser's *Die Kunst- und Wunderkammern der Spätrenaissance* (*Art and Curiosity Cabinets of the Late Renaissance*) is a seminal work in the history of art and collecting. Originally published in German in 1908, it was the first study to interpret sixteenth- and seventeenth-century cabinets of wonder as precursors to the modern museum, situating them within a history of collecting going back to Greco-Roman antiquity. In its comparative approach and broad geographical scope, Schlosser's book introduced an interdisciplinary and global perspective to the study of art and material culture, laying the foundation for museum studies and the history of collections. Schlosser was an Austrian professor, curator, museum director, and leading figure of the Vienna School of art history whose work has not achieved the prominence of his contemporaries until now. This eloquent and informed translation is preceded by Thomas DaCosta Kaufmann's substantial introduction. Tracing Schlosser's biography and intellectual formation in Vienna at the turn of the twentieth century, it contextualizes his work among that of his contemporaries, offering a wealth of insights along the way. First Published in 1995. Routledge is an imprint of Taylor & Francis, an informa company. The comfortable world of Martris Drayke, second son of King Bricen of Margolan, is shattered when his older half-brother, Jared, and Jared's dark mage, Foor Arontala, kill the king and seize the throne. Tris is the only surviving member of the royal family aside from Jared the traitor. Tris flees with three friends: Soterius, captain of the guard; Carroway, the court's master bard; and Harrtuck, a member of the royal guard. Tris harbors a deep secret. In a land where spirits walk openly and influence the affairs of the living, he suspects he may be the mage heir to the power of his grandmother, Bava Kζaa, once the greatest sorceress of her age. Such magic would make Tris a Summoner, the rarest of magic gifts, capable of arbitrating between the living and the dead. 'How to Win Friends and Influence People' is one of the first best-selling self-help books ever published.
