The Art of Activism Aug 03 2020 The Art of Activism is an all-purpose guide to artistic activism, combining the creative power of the arts to move us emotionally with the strategic planning of activism necessary to bring about social change. With contemporary case studies and historical examples, chapters on cultural and cognitive theory, sections on what can be learned from unlikely sources like popular culture and marketing techniques, along with investigations into ethics and evaluation, explorations of the creative process and the importance of utopian thinking, and an attached workbook with over fifty exercises to practice, the co-founders of the Center for Artistic Activism take readers step-by-step through the process of becoming, or becoming even better, artistic activists.

The Art Book Jun 12 2021 The "Art book" presents a whole new way of looking at art. Easy to use, informative and fun, it's an A to Z guide to 500 great painters and sculptors from medieval to modern times.

The Art of Is Dec 31 2022 A MASTERFUL BOOK ABOUT BREATHING LIFE INTO ART AND ART INTO LIFE "Stephen Nachmanovitch's The Art of Is is a philosophical meditation on living, living fully, living in the present. To the author, an improvisation is a co-creation that arises out of listening and mutual attentiveness, out of a universal bond of sharing that connects all humanity. It is a product of the nervous system, bigger than the brain and bigger than the body; it is a once-in-a-lifetime encounter, unprecedented and unrepeatable. Drawing from the wisdom of the ages, The Art of Is not only gives the reader an inside view of the states of mind that give rise to improvisation, it is also a celebration of the power of the human spirit, which — when exercised with love, immense patience, and discipline — is an antidote to hate." — Yo-Yo Ma, cellist

The Art of Concrete Genie Mar 10 2021 Walk among the mysterious streets of Denska and collect the real pages of artwork behind PixelOpus' endearing video game Concrete Genie! This art book studies the power of self-expression, creativity and the game's core fantasy of making anyone believe they can be an artist - just like the talented protagonist of the game, Ash. Return to the characters, monsters, and lore of Denska to uncover the secrets behind PixelOpus' 'living paint' mechanics that allow the walls of Denska to come to life with player creations. Witness a special, behind-the-scenes look at the development of Concrete Genie from the small and passionate team that brought it to life. From the developers of a truly empowering journey about oppression and creativity, Dark Horse Books and PixelOpus are delighted to present The Art of Concrete Genie! This art book collects heart-warming, magnificent illustrations for fans of Ash and his wildly varied 'living paint' creations within Concrete Genie.

The Art of Assembly Language, 2nd Edition Sep 27 2022 Assembly is a low-level programming language that's one step above a computer's native machine language. Although assembly language is commonly used for writing device drivers, emulators, and video games, many programmers find its somewhat unfriendly syntax intimidating to learn and use. Since 1996, Randall Hyde's The Art of Assembly Language has provided a comprehensive, plain-English, and patient introduction to 32-bit x86 assembly for non-assembly programmers. Hyde's primary teaching tool, High Level Assembler (or HLA), incorporates many of the features found in high-level languages (like C, C++, and Java) to help you quickly grasp basic assembly concepts. HLA lets you write true low-level code while enjoying the benefits of high-level language programming. As you read The Art of Assembly Language, you'll learn the low-level theory fundamental to computer science and turn that understanding into real, functional code. You'll learn how to: –Edit, compile, and run HLA programs –Declare and use constants, scalar variables, pointers, arrays, structures, unions, and namespaces –Translate arithmetic expressions (integer and floating point) –Convert high-level control structures This much anticipated second edition of The Art of Assembly Language has been updated to reflect recent changes to HLA and to support Linux, Mac OS X, and FreeBSD. Whether you're new to programming or you have experience with high-level languages, The Art of Assembly Language, 2nd Edition is your essential guide to learning this complex, low-level language.

Zen and the Art of Poker Dec 19 2021 Inside the intriguing world of poker lies a fascinating exercise in strategy and extreme concentration--many of the same principles that underpin the one-thousand-year-old philosophy of Zen spirituality. Zen and the Art of Poker is the first book to apply Zen theories to America's most popular card game, presenting tips that readers can use to enhance their game. Among the more than one hundred rules that comprise this book, readers will learn to:* Make peace with folding* Use inaction as a weapon* Make patience a central pillar of their strategy* Pick their times of confrontationUsing a concise and spare style, in the tradition of Zen practices and rituals, Zen and the Art of Poker traces a parallel track connecting the two disciplines by giving comments and inspirational examples from the ancient Zen masters to the poker masters of today.

Art of War Oct 24 2019 Sun Tzu's The Art of War is still one of the world's most influential treatises on strategic thought. Applicable everywhere from the boardroom to the bedroom, from the playing field to the battlefield, its wisdom has never been more highly regarded. Now available in its complete form, including the Chinese characters and English text, this essential examination of the art of strategic thinking features extensive commentary and an insightful historical introduction written by Lionel Giles, its original translator. This new edition includes an all-new introduction by the scholar of ancient Chinese literature, John Minford.

The Art of Rest Feb 18 2022 Discover the secret to real, realistic, non-rules-based rest For some of us, resting seems like a waste of time-it means we're missing out on other things. For others, rest seems like a luxury-there's simply too much to do. And for almost all of us, we crave rest, but don't always know how to. This warm, realistic, humorous book shows us the huge spiritual, emotional and physical rewards of rest. It shows us how rest gives us time to spend with God and remember his grace. Discover how rest fuels our joy and confidence in God's sovereignty as we learn to depend on him, and not our own efforts, and are refreshed by the power of the Holy Spirit. Adam Mabry shows us how rest helps us make space for relationships, shared experiences and moments to remember; how it liberates us from the pressure of self-reliance; how it gives us a chance to think and reflect; and how it stops us from burning out. Finally, this book casts a realistic vision for rest that is less rule and more rhythm-less onerous restriction and more liberating art form. Adam Mabry helps us to learn the 'art of rest' with some practical suggestions. The world never stops. But we need to. And as Christians we can by having faith to hit pause and experience the rich rewards of God-given rest.

The Art of War for Women May 12 2021 Forget everything you think you know about strength, strategy and success. This brilliant adaptation of the ancient masterpiece The Art of War shows women how to use Sun Tzu's philosophy to win in every aspect of life. Would you like to transform your weaknesses into strengths? Succeed at work without compromising your ethics? Integrate your style and personal philosophy into every action you take? If so, this book is for you. In The Art of War for Women, bestselling author Chin-Ning Chu brings the eternal wisdom of philosopher-general Sun Tzu to women looking to gain a better understanding of who they are--and, more importantly, who they want to be. Although Sun Tzu's book is about the application of strategies and determining the most efficient way of gaining victory with the least amount of conflict, every one of those strategies begins with having a deep understanding of the people and the world around us. They also require us to understand ourselves--our strengths and weaknesses, our goals and fears. In other words, the aim is not to apply a series of rules coldly and dispassionately, but rather to integrate ourselves and our unique talents into the strategies we will employ. This is not a feel-good book. (But you will feel good after reading it.) It is not a motivational book. (But you will be motivated to achieve what you want, once you are done.) Ultimately, its purpose is to provide women with the strategies we all need to overcome the obstacles that stand in the way of our goals and dreams. Sun Tzu's Art of War is the most influential book on strategy ever published, selling tens of millions of copies worldwide in several editions. Written by one of today's foremost authorities on Sun Tzu, The Art of War for Women is sure to become a classic in its own right.

The Art of Philosophizing Sep 23 2019 The essays in this little volume, published here for the first time in book form, were written by Bertrand Russell during the Second World War when he was less concerned with the stormy issues of nuclear warfare and the containment of communist aggression. In those years the author was teaching philosophy at American universities and exercising a growing influence on America's student population. The essays assembled here are fundamentally concerned with the art of reckoning in the fields of mathematics, logic and philosophy. The simplicity of Russell's exposition is astonishing, as is his ability to get to the core of the great philosophical issues and to skillfully probe the depth of philosophical analysis. Bertrand Arthur William Russell, 3rd Earl Russell was a British philosopher, logician, mathematician, historian, social reformer, and pacifist. Although he spent the majority of his life in England, he was born in Wales, where he also died. Russell led the British "revolt against Idealism" in the early 1900s and is considered one of the founders of analytic philosophy along with his protege Wittgenstein and his elder Frege. He co-authored, with A. N. Whitehead, Principia Mathematica, an attempt to ground mathematics on logic. His philosophical essay "On Denoting" has been considered a "paradigm of philosophy." Both works have had a considerable influence on logic, mathematics, set theory, linguistics and analytic philosophy. He was a prominent anti-war activist, championing free trade between nations and anti-imperialism. Russell was imprisoned for his pacifist activism during World War I, campaigned against Adolf Hitler, for nuclear disarmament, criticized Soviet totalitarianism and the United States of America's involvement in the Vietnam War. In 1950, Russell was awarded the Nobel Prize in Literature, "in recognition of his varied and significant writings in which he champions humanitarian ideals and freedom of thought."

The Art of the Book of Life May 24 2022 A tale packed with adventure, The Book of Life celebrates the power of friendship and family, and the courage to follow your dreams. To determine whether the heart of humankind is pure and good, two godlike beings engage in an otherworldly wager during Mexico's annual Day of the Dead celebration. They tether two friends, Manolo and Joaquin, into vying for the heart of the beautiful and fiercely independent Maria, with comical and sometimes dangerous consequences. This volume is an inspirational behind-the-scenes look at the making of the animated feature film The Book of Life, from visionary producer Guillermo del Toro (Pan's Labyrinth) and director Jorge R. Gutierrez (El Tigre: The Adventures of Manny Rivera).

The Art of Colored Pencil Drawing Oct 29 2022 Offers step-by-step instructions for completing twenty-seven colored pencil drawing projects, offering advice on appropriate supplies, color theory, and basic techniques in the medium.

The Art of Travel Dec 07 2020 The Art of Travel is Alain de Botton's travel guide with a difference: an exploration of why we travel and what we learn when we do As seen on Channel 4 Few activities seem to promise as much happiness as going travelling: taking off for somewhere else, somewhere far from home, a place with more interesting weather, customs and landscapes. But although we are inundated with advice on where to travel to, we seldom ask why we go and how we might become more fulfilled by doing so. With the help of a selection of writers, artists and thinkers - including Flaubert, Edward Hopper, Wordsworth and Van Gogh - Alain de Botton's bestselling The Art of Travel provides invaluable insights into everything from holiday romance to hotel minibars, airports to sightseeing. The perfect antidote to those guides that tell us what to do when we get there, The Art of Travel tries to explain why we really went in the first place - and helpfully suggest how we might be happier on our journeys.

The Art of Jim Burns: Hyperluminal Apr 10 2021 A new collection of art from one of the UK's most acclaimed sci-fi artists featuring everything, from his initial sketches to his final works and published book covers. Includes covers from the SF greats – Greg Bear, Neil Gaiman and Terry Pratchett, Anne McCaffrey, Robert Silverberg, Joe Haldeman, Oson Scott Card, John Meaney, Ricardo Pinto, Peter F Hamilton, and Timothy Zahn and many more.

Complete with commentary from 343 Industries, The Art of Halo 5: Guardians is the ultimate exploration of the intricate creature design and groundbreaking gameplay that define the Halo experience. © 2015 Microsoft

The Art of Reading May 31 2020 A beautiful celebratory tribute to the powers of one of our most undervalued skills — an ideal gift for the avid reader. ‘What you are doing right now is, cosmically speaking, against the odds.’ As young children, we are taught to read, but soon go on to forget just how miraculous a process it is, this turning of scratches and dots into understanding, unease and inspiration. Perhaps we need to stop and remember, stop and learn again how to read better. Damon Young shows us how to do exactly this, walking alongside some of the greatest

readers who light a path for us — Borges, Plato, Woolf. Young reads passionately, selectively, surprisingly — from superhero noir to speculative realism, from Heidegger to Heinlein — and shows his reader how cultivating their inner critic can expand their own lives as well as the lives of those on the pages of the books they love.

The Art of Vampire Knight Sep 15 2021 The full-color artwork collection of the hit series Vampire Knight! Reads R to L (Japanese Style), for audiences T+ Cross over into the world of Vampire Knight with the lush, full-color artwork of Matsuri Hino. Includes an extensive gallery with author comments, a how-to tutorial, and an exclusive poster.

The Art of Annemieke Mein Nov 25 2019 A collection of astonishingly skilled textile artworks combining fabric, stitching and paints with hand and machine embroidery The textile works of Annemieke Mein display a rare standard of artistry. She has explored beyond the bounds of craft and developed new techniques in her use of textiles and fabric paints. The illustrations in this book show how textiles can be used as an exciting sculptural medium. The artist's three-dimensional creations are works of extraordinary skill, born out of a passionate commitment to the environment that she observes with a loving eye. Annemieke uses an amazing variety of materials - silk, wool, fur, cotton, synthetics - carefully chosen for their colour, texture, credibility and aesthetic appeal. These fabrics are then meticulously painted and stitched to faithfully reproduce her chosen subjects and to enhance the tactile quality unique to textiles. Numerous techniques are used in limitless combinations: hand and machine embroidery, dyeing, appliqué, trapunto, quilting, pleating, felting, beading, weaving and plying. The work of Annemieke Mein will leave the reader breathless with wonder. It encourages an awareness of our natural heritage and of the need to preserve it.

The Art of Responsive Drawing Aug 15 2021 More a “how-to-see-it” than a “how-to-do-it” book, this edition explores the disguises and characteristics of shapes and forms in nature, and it examines the visual elements and the relational, moving, and emotive forces that constitute the language of drawing. Clear and objective, this book offers an intensive examination of vital drawing processes and concepts, an in-depth analysis of exceptional drawings by old and contemporary artists, and suggested exercises to enhance the readers' grasp of important measurable and dynamic phenomena. For the art student, the art teacher, the interested amateur, and the practicing artist.

The Art of Throwing Feb 27 2020 Concise and informative, The Art of Throwing is the ultimate introduction to the exciting world of throwing weapons. It provides thorough explanation and instruction on everything from grips and stances, targets and trajectories, and even how to construct weapons. The fundamentals of weapon throwing are easy to learn, but mastering aim—with a variety of weapons—involves time, effort and practice. Let The Art of Throwing ease your transition from novice to expert with its detailed, but easy to follow instructions from an author who has spent years mastering his technique. With a foreword by knife throwing legend Joe "Brokenfeather" Darrah, this edition includes updated information and an hour-long instructional DVD to better aid newcomers in learning the basics or help experienced throwers perfect their techniques. The Art of Throwing includes: Basic concepts—Grips, Methods, and Mechanics Throwing implements—The Bagakay, the knife, the ax, and the spear Japanese throwing implements—The Shuriken and the Shaken Chinese throwing implements—The flying dart, the golden coin dart, the flying steel olive, and the flying sticker Other throwing implements—The western dart and the boomerang Sport and defensive throwing Weapon and hand care

The Art of Rest Aug 22 2019 Shortlisted for the British Psychological Society Book Award for Popular Science Much of value has been written about sleep, but rest is different; it is how we unwind, calm our minds and recharge our bodies. The Art of Rest draws on ground-breaking research Claudia Hammond collaborated on: ‘The Rest Test’, the largest global survey into rest ever undertaken, completed by 18,000 people across 135 different countries. The survey revealed how people get rest and how it is directly linked to your sense of wellbeing. Counting down through the top ten activities which people find most restful, Hammond explains why rest matters, examines the science behind the results to establish what really works and offers a roadmap for a new, more restful and balanced life.

The Art of Advertising Jul 02 2020 Advertisers in the nineteenth and early twentieth century pushed the boundaries of printing, manipulated language, inspired a new form of art and exploited many formats, including calendars, bookmarks and games. This collection of essays examines the extent to which these standalone advertisements - which have survived by chance and are now divorced from their original purpose - provide information not just on the sometimes bizarre products being sold, but also on class, gender, Britishness, war, fashion and shopping. Starting with the genesis of an advertisement through the creation of text, image, print and format, the authors go on to examine the changing profile of the consumer, notably the rise of the middle classes, and the way in which manufacturers and retailers identified and targeted their markets. Finally, they look at advertisements as documents that both reveal and conceal details about society, politics and local history. Copiously illustrated from the world-renowned John Johnson Collection of Printed Ephemera and featuring work by influential illustrators John Hassall and Dudley Hardy, this attractive book invites us to consider both the intended and unintended messages of the advertisements of the past.

Structura Jan 20 2022 Structura: The Art of Sparth is a collection of his personal artwork. Sparth has been an active artistic director and concept designer for the gaming industry for over ten years. Currently with idsoftware in Texas, a renowned leader in the gaming world with such titles as Wolfenstein 3D, Doom I and II, and Quake I and II, Sparth has been integral in designing the games that the video game enthusiasts of today devour. In both his professional and personal work, there are no limits to Sparth's creativity when it comes to translating forms and concepts with an creativity when it comes to translating forms and concepts with an experimental and original approach. Born in France and having traveled the globe extensively, he was influenced greatly by the various world cultures he encountered, and this is largely responsible for his multiple creative passions, which range from space to architecture, robotics and beyond.

The Art of Loving Mar 29 2020 Renowned psychoanalyst Erich Fromm has helped generations of men and women achieve rich and productive lives by developing their capacity to love. This centennial edition of his most enduring work salutes the valuable lessons that are Fromm's legacy.

Here you will find favourites old and new: the City Watch, including Vimes, Carrot and Angua, the three witches - Granny Weatherwax, Nanny Ogg and Magrat Garlick - and the denizens of the Unseen University Library, not forgetting the Librarian, of course: they're all here in sumptuous colour, together with the places: Ankh-Morpork, Lancre, Uberwald and more . . . No Discworld fan will want to be without this beautiful gift book.

The Art of Pixar Jul 26 2022 In this revised and expanded edition for the 25th anniversary of Pixar's feature films, The Art of Pixar collects the breathtaking behind-the-scenes visual process of colorscripts. Colorscripts are the sequential paintings that visually represent key story moments from each film and set the lighting, color, and tone during the filmmaking process. This expanded edition features colorscripts from Pixar's feature films and shorts through Onward and Soul. A must-have for aspiring animators, Pixar enthusiasts, and Art of collectors alike 2020 marks the 25th Anniversary of Toy Story. Includes Academy Award-winning Coco, Inside Out, and Brave Since Toy Story's release in 1995, Pixar Animation Studios has set the standard for contemporary animation with a range of classic and influential feature films and shorts.

Packaged in a luxe slipcase, this collectible collection is a treasure trove of artwork for aspiring animators and Pixar fans alike. Part of the fan-favorite, collectible Art of series--books that explore production art and exclusive making-of details A perfect gift for Pixar fans, animation and filmmaking students, film buffs, and more Add it to the shelf with books like The Art of Zootopia by Jessica Julius, The Color of Pixar by Tia Kratter, and To Infinity and Beyond!: The Story of Pixar Animation Studios by Karen Paik. Copyright (c) 2020 Disney Enterprises, Inc. and Pixar. All rights reserved.

The Art of the Steal Aug 27 2022 The Art of the Steal tells the story of several larger-than-life figures - the billionaire tycoon Alfred Taubman; the most powerful woman in the art world, Dede Brooks; and the wily British executive Christopher Davidge - who conspired to cheat their clients out of millions of dollars. It offers an unprecedented look inside this secretive, glamorous, gold-plated industry, describing just how Sotheby's and Christie's grew from clubby, aristocratic businesses into slick international corporations. And it shows how the groundwork for the most recent illegal activities was laid decades before the perpetrators were caught by federal prosecutors.

The Art of Repair Dec 27 2019 For Molly Martin, it all started with a pair of socks. Her favourite pair. When the heels became threadbare, her mother got out her darning mushroom and showed her how to reinforce the thinning stitches and bring them back to life. She has been stitching and darning ever since. In The Art of Repair, Molly explores the humble origins of repair and how the act of mending a cherished item carefully by hand offers not just a practical solution but nourishment for the soul. Using her own beautiful illustrations, she guides us through the basics of the craft - from piecing and patching to the ancient Japanese art of Sashiko. This book will stay with you long after you put down your needle and thread. It offers an antidote to our increasingly disposable lifestyle, encouraging us to reconnect not just with the everyday objects in our environment but also with ourselves.

Art of the Book Nov 29 2022 Despite critics' claims that technology has dealt a death-blow to the centuries old art form of book making, this volume proves that the bound book is indeed alive and well. A comprehensive guide to printed volumes, featuring not only finished projects but also the techniques and materials of book making, as well as definitions of the terminology.

The Art of Innovation Mar 22 2022 IDEO, the widely admired, award-winning design and development firm that brought the world the Apple mouse, Polaroid's I-Zone instant camera, the Palm V, and hundreds of other cutting-edge products and services, reveals its secrets for fostering a culture and process of continuous innovation. There isn't a business in America that doesn't want to be more creative in its thinking, products, and processes. At many companies, being first with a concept and first to market are critical just to survive. In The Art of Innovation, Tom Kelley, general manager of the Silicon Valley based design firm IDEO, takes readers behind the scenes of this wildly imaginative and energized company to reveal the strategies and secrets it uses to turn out hit after hit. IDEO doesn't buy into the myth of the lone genius working away in isolation, waiting for great ideas to strike. Kelley believes everyone can be creative, and the goal at his firm is to tap into that wellspring of creativity in order to make innovation a way of life. How does it do that? IDEO fosters an atmosphere conducive to freely expressing ideas, breaking the rules, and freeing people to design their own work environments. IDEO's focus on teamwork generates countless breakthroughs, fueled by the constant give-and-take among people ready to share ideas and reap the benefits of the group process. IDEO has created an intense, quick-turnaround, brainstorm-and-build process dubbed "the Deep Dive." In entertaining anecdotes, Kelley illustrates some of his firm's own successes (and joyful failures), as well as pioneering efforts at other leading companies. The book reveals how teams research and immerse themselves in every possible aspect of a new product or service, examining it from the perspective of clients, consumers, and other critical audiences. Kelley takes the reader through the IDEO problem-solving method: br” Carefully observing the behavior or "anthropology" of the people who will be using a product or servicebrbr” Brainstorming with high-energy sessions focused on tangible resultsbrbr” Quickly prototyping ideas and designs at every step of the waybrbr” Cross-pollinating to find solutions from other fieldsbrbr” Taking risks, and failing your way to successbrbr” Building a "Greenhouse" for innovation

Mastering the Art of Soviet Cooking Apr 30 2020 A James Beard Award-winning writer captures life under the Red socialist banner in this wildly inventive, tragicomic memoir of feasts, famines, and three generations Born in 1963, in an era of bread shortages, Anya grew up in a communal Moscow apartment where eighteen families shared one kitchen. She sang odes to Lenin, black-marketeered Juicy Fruit gum at school, watched her father brew moonshine, and, like most Soviet citizens, longed for a taste of the mythical West. It was a life by turns absurd, naively joyous, and melancholy—and ultimately intolerable to her anti-Soviet mother, Larisa. When Anya was ten, she and Larisa fled the political repression of Brezhnev-era Russia, arriving in Philadelphia with no winter coats and no right of return. Now Anya occupies two parallel food universes: one where she writes about four-star restaurants, the other where a taste of humble kolbasa transports her back to her scarlet-blazed socialist past. To bring that past to life, Anya and her mother decide to eat and cook their way through every decade of the Soviet experience. Through these meals, and through the tales of three generations of her family, Anya tells the intimate yet epic story of life in the USSR. Wildly inventive and slyly witty, Mastering the Art of Soviet Cooking is that rare book that stirs our souls and our senses.

Women, Work & the Art of Savoir Faire Apr 22 2022 From the #1 New York Times bestselling “high priestess of French lady wisdom” (USA Today) comes every woman’s guide to navigating the world of work, living the good life, and savoring every minute of it. Mireille Guiliano, internationally bestselling author of French Women Don’t Get Fat and former senior executive for Veuve Clicquot, uses her distinctive French woman’s philosophy and style to share lively lessons, stories, and helpful hints from her experiences at the front lines and highest echelons of the business world. Guiliano offers every reader the practical advice she needs to make the most of work without ever losing sight of what is most important: feeling good, facing challenges, getting ahead, and maximizing pleasure at every opportunity.

The Art of Love Jul 14 2021 Tells about where to meet a new beau, how to handle illicit affairs and how to maintain your allure.

The Art of Letting Go Feb 06 2021 We often struggle to let some people go especially when they made that decision. We question the universe, we question ourselves and we question everyone around us but we never truly get our answers. Letting someone go takes time, patience and commitment to actively stop ourselves from relapsing and thinking about that person again. The Art Of Letting Go helps you understand why, how and when you should let someone go so you can move on and never look back.

The Art of Fairness Jan 26 2020 From a New York Times bestselling author, a fresh and detail-rich argument that the best way to lead is to be fair Can you succeed without being a terrible person? We often think not: recognizing that, as the old saying has it, “nice guys finish last.” But does that mean you have to go to the other extreme and be a bully or Machiavellian to get anything done? In The Art of Fairness, bestselling author David Bodanis uses thrilling case studies to show there’s a better path, leading neatly in between. He reveals how it was fairness, applied with skill, that led the Empire State Building to be constructed in barely a year—and how the same techniques brought a quiet English debutante to become an acclaimed jungle guerrilla fighter. In ten vivid profiles featuring pilots, presidents, and even the producer of Game of Thrones, we see that the path to greatness doesn’t require crushing displays of power or tyrannical ego. Simple fair decency can prevail. With surprising insights from across history—including the downfall of the very man who popularized the phrase “nice guys finish last”—The Art of Fairness charts a refreshing and sustainable new approach to cultivating integrity and influence.

The Great and Secret Show Oct 17 2021 Roman.

The Art of Basic Drawing Nov 05 2020 Filled with easy step-by-step instruction from a variety of artists and a wealth of inspiring images to study and admire, The Art of Basic Drawing shows beginning artists how to draw everything from flowers and still lifes to landscapes, animals, and people.
