Billionaires & Ballot Bandits Oct 25 2019 NOW A NEW YORK TIMES BESTSELLER! A close presidential election in November could well come down to contested states or even districts--an election decided by vote theft? It could happen this year. Based on Greg Palast and Robert F. Kennedy, Jr.'s investigative reporting for Rolling Stone and BBC television, Billionaires & Ballot Bandits: How to Steal an Election in 9 Easy Steps might be the most important book published this year--one that could save the election. Last week Billionaires & Ballot Bandits debuted on the NYT Bestseller list at #10 in paperback nonfiction. Billionaires & Ballot Bandits names the filthy-rich sugar-daddies who are super-funding the Super-PACs of both parties--billionaires with nicknames like "The Ice Man," "The Vulture" and, of course, The Brothers Koch. Told with Palast's no-holds-barred, reporter-on-the-beat style, the facts as he lays them out are staggering. What emerges in Billionaires & Ballot Bandits is the never-before-told-story of the epic battle being fought behind the scenes between the old money banking sector that still supports Obama, and the new hedge fund billionaires like Paul Singer who not only support Romney but also are among his key economic advisors. Although it has not been reported, Obama has shown some backbone in standing up to the financial excesses of the men behind Romney. Billionaires & Ballot Bandits exposes the previously unreported details on how operatives plan to use the hundreds of millions in Super-PAC money pouring into this election. We know the money is pouring in, but Palast shows us the convoluted ways the money will be used to suppress your vote. The story of the billionaires and why they want to buy an election is matched with the nine ways they can steal the election. His story of the sophisticated new trickery will pick up on Palast's giant New York Times bestseller, The Best Democracy Money Can Buy.

The Steal Oct 06 2020 Rachel Shteir's The Steal is the first serious study of shoplifting, looking to history to reveal the roots of our modern dilemma. Dismissed by academia and the mainstream media and largely misunderstood, shoplifting has become the territory of moralists, mischievous teenagers, tabloid television, and self-help gurus. But shoplifting incurs remarkable real-life costs for retailers and consumers. The "crime tax"—the amount every American family loses to shoplifting-related price inflation—is more than \$400 a year. Shoplifting cost American retailers \$11.7 billion in 2009. The theft of one \$5.00 item from Whole Foods can require sales of hundreds of dollars to break even. The Steal begins when shoplifting entered the modern record as urbanization and consumerism made London into Europe's busiest mercantile capital. Crossing the channel to nineteenth-century Paris, Shteir tracks the rise of the department store and the pathologizing of shoplifting as kleptomania. In 1960s America, shoplifting becomes a symbol of resistance when the publication of Abbie Hoffman's Steal This Book popularizes shoplifting as an antiestablishment act. Some contemporary analysts see our current epidemic as a response to a culture of hyper-consumerism; others question whether its upticks can be tied to economic downturns at all. Few provide convincing theories about why it goes up or down. Just as experts can't agree on why people shoplift, they can't agree on how to stop it. Shoplifting has been punished by death, discouraged by shame tactics, and protected against by high-tech surveillance. Shoplifters have been treated by psychoanalysis, medicated with pharmaceuticals, and enforced by law to attend rehabilitation groups. While a few individuals have abandoned their sticky-fingered habits, shoplifting shows no signs of slowing. In The Steal, Shteir guides us through a remarkable tour of all things shoplifting—we visit the Woodbury Commons Outlet Mall, where boosters run rampant, watch the surveillance footage from Winona Ryder's famed shopping trip, and learn the history of anti-theft technology. A groundbreaking study, The Steal shows us that shoplifting in its many guises—crime, disease, protest—is best understood as a reflection of our society, ourselves.

How to Steal a Business Sep 16 2021

How to Steal a Car Nov 30 2022 Fifteen-year-old, suburban high school student Kelleigh, who has her learner's permit, recounts how she began stealing cars one summer, for reasons that seem unclear even to her.

How To Steal A Country Apr 23 2022 How to Steal a Country describes the vertiginous decline in political leadership in South Africa from Mandela to Zuma and its terrible consequences. Robin Renwick's account reads in parts like a novel – a crime novel – for Sherlock Holmes old adversary, Professor Moriarty, the erstwhile Napoleon of Crime, would have been impressed by the ingenuity, audacity and sheer scale of the looting of the public purse, let alone the impunity with which it has been accomplished. Based on Renwick's personal experiences of the main protagonists, it describes the extraordinary influence achieved by the Gupta family for those seeking to do business with state-owned enterprises in South Africa, and the massive amounts earned by Gupta related companies from their associations with them. The ensuing scandals have engulfed Bell Pottinger, KPMG, McKinsey and other multinationals. The primary responsibility for this looting of the state however, rests squarely with President Zuma and key members of his government. But South Africa has succeeded in establishing a genuinely non-racial society full of determined and enterprising people, offering genuine hope for the future. These include independent journalists, black and white, who refuse to be silenced, and the judges, who have acted with courage and independence. The book concludes that change will come, either by the ruling party reverting to the values of Mandela and Archbishop Tutu, or by the reckoning it otherwise will face one day.

How to Train Your Dragon: How to Steal a Dragon's Sword Nov 18 2021 The How to Train Your Dragon series chronicles the adventures and misadventures of Viking underdog Hiccup Horrendous Haddock III and his dragon, Toothless. In Book 9, a dragon rebellion is coming--filled with the meanest, nastiest dragons in the Archipelago. Razor-wings, Tonguetwisters, and Vampire Ghouleaths are attacking Vikings and seem to be seeking one soul in particular: Hiccup Horrendous Haddock the Third! Only a King can save them...and only a champion with all of the King's Lost Things can be King. In his adventures, Hiccup has collected quite a few "things" himself. But can a scrawny Viking save the entire Archipelago from certain doom? To find out, Hiccup will have to outwit a witch, fight his arch-enemy, and beat back an army of bloodthirsty dragons with just one sword.

How to Steal a Star Feb 28 2020 Ten years ago, Margot Sullivan's dreams literally crashed to Earth with the destruction of the International Space Station. One day a mysterious woman appears in the airport with a proposition.

Thirteen Ways to Steal a Bicycle Sep 28 2022 Theft causes greater economic injury than any other criminal offense. Yet fundamental questions about what should count as stealing remain unresolved. Green assesses our legal framework at a time when our economy commodifies intangibles (intellectual property, information, ideas, identities, and virtual property) and theft grows more sophisticated.

The Reserve Bank = a License to Steal Money from Citizens? How Money Is Created from Nothing for Dummies Aug 23 2019 American President James Madison warned: "History records that the money changers have used every form of abuse, deceit and violent means possible to maintain their control over government by controlling money and its issuance." Few people are aware of how the money system is manipulated by the RESERVE BANK to make debt-slaves of the majority of a country's citizens. This book exposes how the RESERVE BANK uses the Fractional Reserve System to create "money out of nothing," and thereby diminish the value of the country's currency. For example, the American dollar has diminished by as much 96 percent since the establishment of the Federal Reserve Bank. Would the Bank's immoral activities not be tantamount to stealing money from the citizens of the countries where banks operate as "private" corporations? Sir Josiah Stamp, former director of the Bank of England, cautioned: "If you wish to remain the slaves of bankers and pay the cost of your own slavery, then let the banks continue to create money." A. Motiar is actively involved in social justice issues. He is a researcher, teacher, author, and an inventor. It pained him to see the disparity between the rich and the poor increasing rapidly. A ten-year research to find the cause helped him discover how the monetary system controlled by "privately-owned" RESERVE BANKS played a significant role in diminishing the wealth of most ordinary citizens. He is the author of several books and won several awards for his literacy and numeracy material: (see <http://www.MathAndLiteracyAfrica.co.za>). His primary focus at present is to enhance literacy and numeracy skills of those most marginalized in society as one means of empowering citizens. Publisher's website: <http://sbpra.com/AMotiar>

The Steal Mar 23 2022 In the sixty-four days between November 3 and January 6, President Donald Trump and his allies fought to reverse the outcome of the vote. Focusing on six states - Arizona, Georgia, Michigan, Nevada, Pennsylvania and Wisconsin - Trump's supporters claimed widespread voter fraud. Caught up in this effort were scores of activists, lawyers, judges and state and local officials, among them Rohn Bishop, enthusiastic chairman of the Fond Du Lac, Wisconsin, Republican Party, who would be branded a traitor for refusing to say his state's election was tainted, and Ruby Freeman, a part-time ballot counter in Atlanta who found herself accused of being a 'professional vote scammer' by the President. Working with a team of researchers and reporters, Mark Bowden and Matthew Teague uncover never-before-told accounts from the election officials fighting to do their jobs amid outlandish claims and threats to themselves, their colleagues and their families. The Steal is an engaging, in-depth report on what happened during those crucial nine weeks and a portrait of the heroic individuals who did their duty and stood firm against the unprecedented, sustained attack on the US election system and ensured that every legal vote was counted and the will of the people prevailed.

How to Steal a Highlander Jan 21 2022 A Modern Thief Katherine Goldman is a professional with world-class skills who never misses a deadline. Yet the expertise of Goldman & Associates doesn't lie within the scope of legitimate commerce, but in the underground sphere of stealing priceless treasures and delivering them to the highest bidder. And business is good. Katherine lands in Scotland to boost some relics before they are unveiled at a museum exhibit. But what she discovers is shocking -- nothing in the experience of this notorious thief has prepared her to collide with a dark, rakish man wearing plaid -- who happens to be trapped inside a mirror. A Man Imprisoned in Time Centuries before, Simeon Campbell had no idea the woman he charmed was a dark witch of unspeakable power. When Simeon refused her gift of immortality, he quickly learned there is no wrath like that of a woman scorned. Cursed to spend eternity within the bonds of her enchantment, Simeon is lost in time and nearly bereft of hope. Until he's accidentally released into the care of a woman with questionable motives, in a century he could never have imagined... One Wicked Curse As the pair plunge into a journey to outfox the jilted witch, danger and tempting desire trail them at every turn. Considering Katherine's disguises and the flair for which this modern lass can pick a lock, Simeon is unsure if she can be trusted. Yet this man of honor is determined to stop at nothing to save the woman he has sworn to protect. In order for Simeon to uphold his vow, he'll travel back in time, willing to pay the ultimate price if necessary. But Katherine insists if Simeon is determined to defeat ancient evil at its source, he's going to need help. He's going to need a thief.

How to Steal a Truck Full of Nickels Jan 27 2020 "How To Steal a Truck Full of Nickels" is a funny story about despair. On the run and out of money, small time hustler Reuben Nash hijacks a truck from the Denver Mint driven by his unsuspecting older brother Rico to help resolve a long standing debt to a small time crime boss and loan shark named Jimmy Friday. Unfortunately for them, they've stolen less money than Reuben has promised to pay back. Faced with a choice of physical harm or a long stretch in federal prison, Reuben and Rico decide a long shot plan to cash in their stolen coin and escape to Mexico to start their lives over. After Rico's ex-girlfriend Pamela re-enters his life with big ideas for the truck full of nickels, it's a madcap race to the border, keeping one step ahead of former FBI agent Martin Shea and a who's who of local and federal law enforcement, con men, common thieves and opportunists.

Case Closed, Vol. 44 Sep 24 2019 Serena's wealthy Uncle Jirokichi unveils his most prized possession: the Blue Wonder, a legendary blue gem said to possess mystical powers. It's a prize no thief can resist—and that's exactly what Jirokichi is hoping! But when he uses the gem as bait to trap the infamous Kaito Kid, he gets far more than he bargained for. Fortunately, Conan has his own grudge against the Kid, and this time he's determined to get his man! -- VIZ Media

Stealing Your Life Mar 30 2020 The charismatic forger immortalized in Catch Me If You Can exposes the astonishing tactics of today's identity theft criminals and offers powerful strategies to thwart them based on his second career as an acclaimed fraud-fighting consultant. When Frank Abagnale trains law enforcement officers around the country about identity theft, he asks officers for their names and addresses and nothing more. In a matter of hours he can obtain everything he would need to steal their lives: Social Security numbers, dates of birth, current salaries, checking account numbers, the names of everyone in their families, and more. This illustrates how easy it is for anyone from anywhere in the world to assume our identities and in a matter of hours devastate our lives in ways that can take years to recover from. Considering that a fresh victim is hit every four seconds, Stealing Your Life is the reference everyone needs by an unsurpassed authority on the latest identity theft schemes. Consider these sobering facts: • Six out of ten American companies and government agencies have already been hacked. • An estimated 80 percent of birth certificate requests are fulfilled through the mail for people using only a name and a return address. • Americans write 39 billion checks a year, and half of them never reconcile their bank statements. • A Social Security number costs \$49 on the black market. A driver's license goes for \$90. A birth certificate will set you back \$79. Abagnale offers dozens of concrete steps to transform anyone from an easy mark into a hard case that criminals are likely to bypass: • Don't allow your kids to use the computer on which you do online banking and store financial records (children are apt to download games and attachments that host damaging viruses or attract spyware). • Beware of offers that appeal to greed or fear in exchange for personal data. • Monitor your credit report regularly and know if anyone's been "knocking on your door." • Read privacy statements carefully and choose to opt out of sharing information whenever possible. Brimming with anecdotes of creative criminality that are as entertaining as they are enlightening, Stealing Your Life is the practical way to shield yourself from one of today's most nefarious and common crimes.

How to Steal a Lyon's Fortune Jun 13 2021 Enter the world of the most notorious gambling den in London, where matches are made... unusually. Welcome to the world of THE LYON'S DEN: The Black Widow of Whitehall Connected World, where the underground of Regency London thrives... and loves. When it comes to stealing a Lyon's fortune, it takes two to right a wrong. Visitors to the Lyon's Den, run by the mysterious Mrs. Dove-Lyon, usually wish to find a spouse, but Audrey has quite another goal in mind. She needs help to secure an invitation to Lyon's masquerade, the annual event hosted by her once-stepfather, Vincent Lyon, so that she may retrieve the statue he stole from her late mother. Mrs. Dove-Lyon knows just the person to take Audrey to the ball, a shrewd matchmaker that she is, also sees an opportunity to help Lord Peter Dermott, who has been recommended to her as being in urgent need of a wife. When Peter meets Audrey, the attraction is instant, but she presents him with a huge dilemma. Her plan to take the statue is daring, and if it fails, his reputation will be ruined. However, if he walks away, he will most likely lose her, and the chance to make her his...Other: Lyon's Den BooksInto the Lyon's DenThe Scandalous LyonFed to the LyonThe Lyon's Lady LoveThe Lyon's LairdThe Lyon Sleeps TonightA Lyon in Her BedFall of the LyonLyon's PreyLoved by the LyonThe Lyon's Den in WinterKiss of the LyonAlways the Lyon TamerTo Tame the Lyon

The Book Thieves Dec 28 2019 "A most valuable book." —Christian Science Monitor For readers of The Monuments Men and The Hare with Amber Eyes, the story of the Nazis' systematic pillaging of Europe's libraries, and the small team of heroic librarians now working to return the stolen books to their rightful owners. While the Nazi party was being condemned by much of the world for burning books, they were already hard at work perpetrating an even greater literary crime. Through extensive new research that included records saved by the Monuments Men themselves—Anders Rydell tells the untold story of Nazi book theft, as he himself joins the effort to return the stolen books. When the Nazi soldiers ransacked Europe's libraries and bookshops, large and small, the books they stole were not burned. Instead, the Nazis began to compile a library of their own that they could use to wage an intellectual war on literature and history. In this secret war, the libraries of Jews, Communists, Liberal politicians, LGBT activists, Catholics, Freemasons, and many other opposition groups were appropriated for Nazi research, and used as an intellectual weapon against their owners. But when the war was over, most of the books were never returned. Instead many found their way into the public library system, where they remain to this day. Now, Rydell finds himself entrusted with one of these stolen volumes, setting out to return it to its rightful owner. It was passed to him by the small team of heroic librarians who have begun the monumental task of combing through Berlin's public libraries to identify the looted books and reunite them with the families of their original owners. For those who lost relatives in the Holocaust, these books are often the only remaining possession of their relatives they have ever held. And as Rydell travels to return the volume he was given, he shows just how much a single book can mean to those who own it.

How to Steal a Submarine. Jul 03 2020 How to Steal a Submarine.Mr John Smith is an adopted son of a fabulously rich Lord but was ousted from the family when his father died. Having studied physics and hydrodynamics his passion was underwater travel and he was fascinated with the achievements of the Russians, in their development of the super-cavitation torpedo about 15 years previously, with a speed of 200 Knots. John wanted to develop his own torpedo and extend the technology to a Nuclear Submarine thereby producing a super-cavitation Submarine that could travel at incredibly high speeds. Mr John Smith joined the Royal Navy and did produce his high-speed torpedo. He was transferred to the United States Navy where he eventually qualified as a Submarine Captain. He continued with his design and eventually an agreement was arrived at, between the US and UK governments, to build this radical submarine under the guidance of John. The Submarine would be built in Philadelphia and intended for the Royal Navy.Nearing build completion John became disillusioned and missed the wealth he enjoyed during his younger years. He was offered an enormous amount of money, by an agent of a third-party country, to steal the submarine. The plan was to incapacitate the crew and deliver the Submarine to a modified super-tanker.John had to select the 'doomed' crew and 8 accomplices who were given a fortune for their part of the plot. I joined the submarine as the senior Chief Petty Officer in the propulsion department. I formed part of a combined US and UK crew that sailed the vessel from Philadelphia and carried out initial sea trials. Once in the UK the new, all British, crew joined a took control of the Submarine. I was reunited with two old friends who were strangely very standoffish towards me. These two were part of John Smith's mutinous crew and knew they would be partly responsible for my death and so had to deal with that guilt.I had a serious drinking problem and had to maintain a high level of alcohol intake. Because of my senior position I could satisfy my needs without detection. Because of my problem I was able to thwart the theft of the Submarine and escape from it. There is a surprising twist to the end of this story.A cunning plot unfolds of how a Nuclear Submarine's crew can be incapacitated by a few, and the Submarine becoming lost to the nation. However, the most disturbing feature of this story is it could easily become reality.

To Steal a Mummy Dec 08 2020

How to Steal a Piano Aug 16 2021 How to Steal a Piano and Other Stories is a set of intriguing tales of our time – some dark and challenging, others light and comical. The title story tells of a young piano salesman in Harrods who comes across a Bechstein grand in storage that appears to have been forgotten about. Would anyone miss it? There's only one way to find out. Grasshopper and Unlucky for Some narrate the trials and tribulations of single women and online dating. It should be so straightforward, but even something as simple as meeting up with the correct man can be problematic. Pirates invade a usually quiet Derbyshire town in Matlock Meg and the Ribber Hoard, and in Runner a trio of jobs get the shock of their lives when they try to avoid paying the bill at Mr Ping's Chinese restaurant. Zulu the police dog will entertain telling his own story in Woof Justiss, and octogenarian Doty extends her vocabulary when she researches the history of the c-word in Sevenoaks library. Beneath the savoury and unsavoury characters and the twists and turns of their stories flow some thought provoking themes. Status based on ill-gotten gains, the self-destructiveness of road rage, lifelong barriers between fathers and sons, the therapeutic nature of a good limerick, and the convoluted sex life of the clergy. John Hughes has skilfully interwoven adventures from his own life with the fruits of his imagination in thirteen stories that will have you laughing one moment, gasping the next, and quite possibly shedding a tear or two. *How to Steal a Dog* Jan 01 2023 Half of me was thinking, Georgina, don't do this. Stealing a dog is just plain wrong. The other half of me was thinking, Georgina, you're in a bad fix and you got to do whatever it takes to get yourself out of it. Georgina Hayes is desperate. Ever since her father left and they were evicted from their apartment, her family has been living in their car. With her mama juggling two jobs and trying to make enough money to find a place to live, Georgina is stuck looking after her younger brother, Toby. And she has her heart set on improving their situation. When Georgina spots a missing-dog poster with a reward of five hundred dollars, the solution to all her problems suddenly seems within reach. All she has to do is "borrow" the right dog and its owners are sure to offer a reward. What happens next is the last thing she expected. With unmistakable sympathy, Barbara O'Connor tells the story of a young girl struggling to see what's right when everything else seems wrong. How to Steal a Dog is a 2008 Bank Street - Best Children's Book of the Year. This title has Common Core connections.

Material Evidence Sep 04 2020 Who would want to steal a corpse and why? How did the thieves approach the tomb with soldiers on guard? These are just some of the intriguing questions answered in new author Jack Trombetta's Material Evidence, a thought-provoking and thrilling investigation into the theft of the body of Jesus of Nazareth. Using historical records, Trombetta skilfully uncovers the facts surrounding this event. Follow Marcus and Anthony, two Roman soldiers commissioned by Pontius Pilate to accomplish the mission, as they begin--like all thorough investigations--at the scene of the crime. Readers simultaneously find themselves inside the home of Plato and lounging at the dinner table with King Herod and Pontius Pilate, as Marcus and Anthony journey to discover the truth. But will the truth change their lives? Material Evidence bridges biblical truths with a true literary adventure. Find yourself captured, purposefully desiring to delve deeper into your faith, and at the same time, just as driven to learn the main characters' fate. This is a book you will love to discuss with others.

How To Steal A Goat (From A Witch) Jun 01 2020

The Art of the Steal Apr 11 2021 The world--famous former con artist and bestselling author of Catch Me if You Can now reveals the mind--boggling tricks of the scam trade--with advice that has made him one of America's most sought--after fraud--prevention experts. "I had as much knowledge as any man alive concerning the mechanics of forgery, check swindling, counterfeiting, and other similar crimes. Ever since I'd been released from prison, I'd often felt that if I directed this knowledge into the right channels, I could help people a great deal. Every time I went to the store and wrote a check, I would see two or three mistakes made on the part of the clerk or cashier, mistakes that a flimflam artist would take advantage of. . . . In a certain sense, I'm still a con artist. I'm just putting down a positive con these days, as opposed to the negative con I used in the past. I've merely redirected the talents I've always possessed. I've applied the same relentless attention to working on stopping fraud that I once applied to perpetuating fraud." In Catch Me if You Can, Frank W. Abagnale recounted his youthful career as a master imposter and forger. In The Art of the Steal, Abagnale tells the remarkable story of how he parlayed his knowledge of cons and scams into a successful career as a consultant on preventing financial foul play--while showing you how to identify and outsmart perpetrators of fraud. Technology may have made it easier to track down criminals, but cyberspace has spawned a skyrocketing number of ways to commit crime--much of it untraceable. Businesses are estimated to lose an unprecedented \$400 billion a year from fraud of one sort or another. If we were able to do away with fraud for just two years, we'd erase the national debt and pay Social Security for the next one hundred years. However, Abagnale has discovered that punishment for committing fraud, much less recovery of stolen funds, seldom happens: Once you're a victim, you won't get your money back. Prevention is the best form of protection. Drawn from his twenty-five years of experience as an ingenious con artist (whose check scams alone mounted to more than \$2 million in stolen funds), Abagnale's The Art of the Steal provides eye-opening stories of true scams, with tips on how they can be prevented. Abagnale takes you deep inside the world and mind of the con artist, showing you just how he pulled off his scams and what you can do to avoid becoming the next victim. You'll hear the stories of notorious swindles, like the mustard squirter trick and the "rock in the box" ploy, and meet the criminals like the famous Vickers Gang who perpetrated them. You'll find out why crooks wash checks and iron credit cards and why a thief brings glue with him to the ATM. And finally, you'll learn how to recognize a bogus check or a counterfeit bill, and why you shouldn't write your grocery list on a deposit slip. A revealing look inside the predatory criminal mind from a former master of the con, The Art of the Steal is the ultimate defense against even the craftiest crook.

How to Steal A Lot of Money -- Legally Nov 06 2020 How to Steal A Lot of Money...Legally is a guide to investment scamming based on true events and insights gleaned from high-profile forensic investigations.

The Best Thing You Can Steal Jun 25 2022 Gideon Sable is a thief and a con man. He specializes in stealing the kind of things that can't normally be stolen. Like a ghost's clothes, or a photo from a country that never existed. Now, Gideon's planning a heist, to steal the only thing that matters from the worst man in the world. So he's going to need a crew who can do the impossible ...

Loot Feb 19 2022 "LOOT hits the jackpot." -- Rick Riordan, #1 NEW YORK TIMES bestselling author On a foggy night in Amsterdam, a man falls from a rooftop to the wet pavement below. It's Alfie McQuinn, the notorious cat burglar, and he's dying. As sirens wail in the distance, Alfie manages to get out two last words to his young son, March: "Find jewels." But March learns that his father is not talking about a stash of loot. He's talking about Jules, the twin sister March never knew he had. No sooner than the two find each other, they're picked up by the police and sent to the world's worst orphanage. It's not prison, but it feels like it. March and Jules have no intention of staying put. They know their father's business inside and out, and they're tired of being pushed around. Just one good heist, and they'll live the life of riches and freedom most kids only dream about. Watch out! There are wild kids on the loose and a crime spree coming . . .

How to Steal a Job May 01 2020

It is a captivating and interesting book showing the reader the many ways people stole a million dollars or more and then vanished from the face of the earth, and lived happily ever after on some exotic tropical island paradise.

Do Not Steal... Aug 04 2020 Stealing, aside being frowned at by Divine law, is a crime to nations and humanity for its negative consequences on all facets. Stealing is a tool of corrupt enrichment which has its technicalities to have all the scopes towards perfect understanding. Stealing is depriving others, persons, institutions and nations of their valuables. This makes oil bunkering, piracy of copyright in plagiarism, sea piracy, fakery of documents and certificates falsification to have undeserved dues and ranks as part and parcel of stealing. Ask a lay man on the streets, they see stealing as a mere shoplifting, robbery with harmful things, pickpocketing and armed robbery. Those in the digital revolution industry claim that stealing has become modernized and done with all sophistication accessories especially the internet-based technological devices. Some have condemned stealing to be an evil and heartless activity. Some have stealing as a "job" for the smart, intelligent and endowed persons. The former are of the opinion that stealing is deprivation of other people, institutions and nations of their valuable assets. The latter stands on the inventors who steal ideas shared among themselves as a proof. Of course, different folks must have different tales as windows to the same part of the world differ. With these standpoints in view, we must balance the equation and keep the record straight. Is stealing a punishable crime or showing of prowess, smartness or versatility? Studies show that the shapes and sizes of stealing are deeper requiring a book to provide the concise details. Many are committing the crime "innocently". In the studies of the author, everyone is found culpable directly and indirectly. Different forms of stealing takes place at all times. The evil consequences in the ripple effects on the people, institutions and the nations call for researching and writing about the concept "stealing". Author Abdulateef Amusa wrote "The preservation and safeguarding of the sacred soul by the Creator of the priceless souls paves the way for the law "do not kill fellow human being"". The law, "do not steal" is to safeguard conflicting over resources that are countless by people. And this is the motive behind the written of the book by the inspirational author, Abdulateef Amusa. He further illustrated "the divine law "do not steal" is to disenable man, institution and nation to steal where there are countless to own. No one can exhaust what we have at our disposal in natural resources in every creature. The art of writing of a child in a family can fetch the family millions of royalties in hard currencies if rightly packaged and promoted. Football artistry of popular football stars, for instance, in the world, is the major source of the wealth of the family". From his pen by inspiration "one does not need to have many resources to become wealthy and economically independent not to talk of degrading self-esteem via stealing for lack of resources to meet financial and non-financial obligations". He maintained that "stealing is deeply rooted, as bedrock of illegalities and

criminalities in the nations of the world especially the backward nations in all facets. It is not the only man that steals but the institutions and the nations as well especially those that are powerful to intimidate and subdue others in military superpowers".According to the prolific writer and socio-economic researcher, "in the book, we are looking into different ways people steal other people"s endowments and natural resources. Do you know that man, institution and nation steals natural endowments of other men, institution and nations? Do you know that weather condition can be stolen by nations and institutions? Do you know that intellectual property are being stolen by the listed? Do you know that nation steal other nations" resources such as water, air, cloud, mineral deposits and the manpower? How can these be possible or are being done?" Get your copy and read the book!

Steal the Sun Mar 11 2021 Zoey thought she would never have to choose, but to save one husband, she will have to betray the other... As Zoey Donovan-Quinn first sets foot in the faery homeland of her beloved Devinshea, life is perfect. Her enemy is defeated, her heart is full, and Neil and Sarah are at her side. Daniel and Dev are happy, so their visit to the sithein should be a pleasant honeymoon full of wonder and joy. Well, except for the part where Zoey needs to steal an ancient gem from the Queen of Faery in order to prevent Louis Marini from killing Daniel. Reunited with her whole crew, stealing the magical artifact should be relatively easy, but unknown to Zoey, Dev, and Daniel, there are dark forces gathering against them. As her search for the Blood Stone gets underway, Zoey makes a startling discovery that will change her life, and Dev and Daniel's forever. When her new enemy finally strikes at Zoey from the shadows, her newfound happiness is shattered, and to avenge the horrific attack, Dev prepares his mother's kingdom for war. Recovering from the attempt on her life, Zoey and Daniel desperately search for the stone and in the process unmask the real monster behind the assault. Stopping the real threat, and saving Daniel, will force Zoey to choose sides in an epic war between the Seelie and Unseelie Fae, even if it means betraying Dev and his people.

To Steal a Book Is an Elegant Offense Oct 30 2022 This sweeping study examines the law of intellectual property in Chinese civilization from imperial days to the present. It uses materials drawn from law, the arts and other fields as well as extensive interviews with Chinese and foreign officials, business people, lawyers, and perpetrators and victims of "piracy."

How to Steal a Thief's Heart Jan 09 2021 What happens when a knight of the road meets a wallflower on a mission?Book 4 in the bestselling Happy Ever Regency series is now available. Read for FREE with Kindle Unlimited!An unusual wallflower. A knight of the road. And a moment that changed all they thought they knew.Devoted to the children at her orphanage, Miss Caroline Hawkins hides her beauty behind thick spectacles and drab clothing in order to remain unwed...and free to do as she pleases. While her parents would love nothing more than to see her well married, Caroline is determined to live life on her own terms, refining her disguise to perfection in order to scare off suitors. For years, she's lived in the shadows of society, unnoticed by the crème de la crème of the ton.....until Lord Markham, a.k.a. the Black Baron, takes a closer look and realizes that there is more to mousy Miss Hawkins than meets the eye.Pierce Byrne, Baron Markham, detests English society for their selfish disdain and complete disregard for others, and thus, to even the odds, to give back at least a little, Pierce dons a black mask at night and sets out to rob his fellow peers in order to do what is right.....until one night when he comes upon yet another carriage and finds a highly unusual woman inside. A woman with a secret of her own. A woman he's met before.Determined to uncover her secret, Pierce follows her and before he knows it all he thought he knew is called into question as a mousy wallflower upends his world...and steals his heart.Happy Every RegencyBook 1 - How to Wake a Sleeping LadyBook 2 - How to Tame a Beastly LordBook 3 - How to Climb a Lady's TowerBook 4 - How to Steal a Thief's HeartBook 5 - How to Turn a Frog into a PrinceBook 6 - How to Return a Lady's Slipper

How to Steal a Million Dec 20 2021 If movies teach us anything, it's that art theft involves glitz, glamour, and above all else, sophistication. Movies lie! In reality, art robberies often involve people who don't know anything about the art they are stealing. This book looks at fifteen of the most fascinating and notorious art robberies. Prepared to be amazed at how shockingly idiotic some of them were!

How to Steal a Star (and Put it Back) May 25 2022 How to Steal a Star (and put it back) takes you to the non-sensical world where a thief who loves anything and everything that glitters ends up stealing all the stars from the night sky. He soon finds himself in the predicament in which he has to put the stars back in the sky. The only problem is that when he tries, they keep on falling down to the ground. Will he be able to put the stars back where they belong?

How to Steal a Thief Jul 27 2022 Since when is playing Robin Hood part of the plan?Pop into the unguarded apartment, find the multi-million dollar Treskilling stamp, pop back out. That's it, that's the entirety of Ivan's plan.What's not part of the plan?-Meeting the cute Aiden Stalworth-Feeling guilty about trying to steal from the cute Aiden Stalworth-Becoming Aiden's "Robin Hood" and buying him all the things-Playing bodyguard while searching for the stamp-Being trusted completely by AidenIvan very quickly realizes he needs a new plan: -Seduce Aiden-Protect him-Find the stampOh, and lick him. Licking Aiden needs to be part of the plan too. However, Ivan's not sure how having his heart get stolen made it onto his list.Tags: Aiden does not appreciate being in peril, but Ivan likes protecting him, band of brothers, bisexual character, family of choice, experienced/inexperienced couple, strangest meetcute you've ever seen, don't try and apply logic to this okay, just enjoy it, heist, Kyou is so done, Ivan is a walking disaster, crush at first sight, Ivan is one scary MoFo, be glad he's on our side, assassinations as romantic gestures, stealing therapy, emotional growth, combat ballet, Carter and Ari are good wingmen, Ivan continues licking everything, including things he really shouldn't, Remi's the only sane one to be honest, no bedsheets were harmed in the making of this book, degrees of morality, healer acquired-quests can now be taken

Stealing Books in Eighteenth-Century London Nov 26 2019 This study offers an authoritative and readable account of the hidden history of book theft in eighteenth-century London. It exploits a rich primary source, the compelling narratives of crime contained in the digitised Proceedings of the Old Bailey. The authors explain how cases of book theft came to court, and how in the ensuing trials the nature of the book itself became a question for legal debate. They assess the motives which led Londoners to steal books and the methods they employed in thefts from households and booksellers. Finally, the authors ask what the Proceedings tells us about the social ownership of books, and how the phenomenon of book theft differently affected book producers and consumers. Stealing Books in Eighteenth-Century London will appeal to readers interested in the connected histories of metropolitan life, crime, and the book in this period, and in the uses of digital resources in humanities research.

How to Steal a City Aug 28 2022 'In March 2015, I was tasked by Pravin Gordhan, the minister responsible for local government, to root out corruption in the Nelson Mandela Bay municipality in the Eastern Cape. Over the following eighteen months, I led the investigations and orchestrated the crackdown as the "hatchet man" for the metro's new Mayor, Danny Jordaan. This is my account of kickbacks, rigged contracts and a political party at war with itself.' How to Steal a City is the gripping insider account of this intervention, which lays bare how Nelson Mandela Bay metro was bled dry by criminal syndicates, and how factional politics within the ruling party abetted that corruption. As a former senior state official and local government 'fixer', Crispian Olver was no stranger to dodgy politicians and broken organisations. Yet what he found in Nelson Mandela Bay went far beyond rigged contracts, blatant conflicts of interest and garden-variety kickbacks. The city's administration had evolved into a sophisticated web of front companies, criminal syndicates and compromised local politicians and officials. The metro was effectively controlled by a criminal network closely allied to a dominant local ANC faction. What Olver found was complete state capture – a microcosm of what has taken place in national government. Olver and his team initiated a clean-up of the administration, clearing out corrupt officials and rebuilding public trust. Then came the ANC's doomed campaign for the August 2016 local government elections. Having lost its way in factional battles and corruption, the divided party went down to a humiliating defeat in its traditional heartland. Olver paid a high price for his work in Nelson Mandela Bay. Intense political pressure and even threats to his personal safety took a toll on his mental and physical health. When his political support was withdrawn, he had to flee the city as the forces stacked against him took their revenge. This is his story.

To Steal a Heart Jul 15 2021 After a childhood as a street thief, Gabriella Goodhue thought she'd put her past behind her until a fellow resident at her boardinghouse is unjustly accused of theft. In the middle of breaking into a safe that holds the proof to prove her friend's innocence, Gabriella is interrupted by Nicholas Quinn, the man she once considered her best friend--until he abandoned her. After being taken under the wing of a professor who introduced him into society and named him as heir, Nicholas is living far removed from his childhood life of crime. As a favor to a friend, Nicholas agreed to help clear the name of an innocent woman, never imagining he'd be reunited with the girl he thought lost to him forever. As Gabriella and Nicholas are thrown together into one intrigue after another, their childhood affection grows into more, but their newfound feelings are tested when truths about their past are revealed and danger follows their every step.
